'IN TOUCH WITH U'

The first program in a new television series about the University will be broadcast this weekend by CITV.

The color series, "In Touch with U," will run every Sunday at 5 p.m. on channel 13 (cable 8). Each half-hour program will include three features of varying lengths; the October 6 features will be "Greenhouse," "Fitness Unit," and "Friday Flea Market".

Subsequent programs will cover a wide range of University activities and facilities—in medicine, the arts, sports, and the physical sciences, to name a few. The variety of topics will be governed to some degree by the amount of support the series receives from the University community. To date, that support has been encouraging to the "In Touch with U" staff. Program Producer BRIAN KIENAPPLE says "Everyone we've talked to about doing a feature has been willing to make time available, to open their facilities, and to provide information. We've had no negative responses at all."

Support from the University Administration also has been strong, adds LIZ CLARKE, Content Co-ordinator for the program. "Dr. Gunning is very enthusiastic about doing this type of program because it is oriented to the public; it's one step in the process of taking the University to the people."

The President's attitude is reflected in the objectives of the new program, which hopes to present a more complete image of the University to the public. "Our approach will be an entertaining one and a highly visual one," says Mrs. Clarke, "but one that will also inform the public about our people and our programs—about all the facets that combine to make up The University of Alberta."

The "In Touch with U" concept was developed by members of the University community: WILLARD ALLEN, Associate Vice-President (Academic); Mr. Kienapple; Mrs. Clarke; BARBARA LACROIX, Public Relations Officer; and BILL JOPLING, Co-ordinator of Technical Services.

The planning and production of each feature is being done by Mr. Kienapple, Mrs. Clarke; DICK SCOTT, Features Producer; and KAREN PLATTEN, Research Assistant. CITV provides studio time, studio staff, and all the production facilities. Certain University

departments also are involved in some stages of the production. The Graphics Division of Technical Services prepares set designs and any text that must be superimposed on the videotape. The division also was responsible for designing the program logo. From the Motion Pictures Division of Technical Services, DAVE SANDS films each feature and ELVIRA BARABASH edits each one. Special audio work (editing comments, adding music) is done by the Department of Radio and Television.

Most of the features are filmed on site and then "packaged" on videotape at the CITV studios.

Staff and students who have program ideas are asked to contact the "In Touch with U" office in Assiniboia Hall; 432-1231.

LAW REFORM INSTITUTE RELEASES NEW REPORT

The Institute of Law Research and Reform has recommended that Section 24 of the Judicature Act be repealed. One part of the section says that no one can sue a provincial Cabinet Minister without permission of the Cabinet by order in council. Another part says that no one can sue without permission to stop anyone from doing anything under a statute of order in council. The section has been in force since 1936.

The Institute report notes that the Cabinet gives its permission when asked for it, but says the section should be repealed to be sure it will not be abused and because it causes trouble and expense to people who go to court, noting

several cases where it has been discussed. The Institute also points out that the government is protected against injunctions by the Proceedings Against the Crown Act and thinks that that is enough protection.

Copies of the report may be obtained upon request and free of charge from the office of the Institute of Law Research and Reform, 402 Law Centre.

HOMECOMING '74

The Alumni Association has arranged a festive weekend for students, staff, and alumni who attend Homecoming '74, October 11 and 12. There will be a wine and cheese party where guests can "meet the profs" next Friday from 8 to 10 p.m. at the Faculty Club. Tickets are \$3 and will be available at the door.

A campus tour will be given next Saturday, departing from the Cameron Library Galleria at 10 a.m. At 11:30 a.m. a pre-game luncheon with cash bar will be served in The Ship at Lister Hall. Tickets are \$2 for adults, \$1 for children. Those who attend the luncheon will be admitted free to the football game. The Golden Bears will play The University of Calgary Dinosaurs at Varsity Stadium; kickoff time is 2 p.m.

The Homecoming banquet and ball will be held in Lister Hall. The reception at 6:30 p.m. will be followed by dinner at 7:45. Tickets are \$16 per couple.

Tickets may be obtained from the Alumni Office, 602 Students' Union Building; telephone 432-3224. Cheques should be made payable to The University of Alberta.
